

## THE WEEKLY CLARION.

Decisions of the High Court.

The CLARION is the only paper in the State that publishes the Decisions of the HIGH COURT OF ERRORS AND APPEALS. They are printed from official copies written out in full, copied specially by the clerk of that court for our use, and members of the bar may rely on their accuracy. No abbreviations are made, but the opinions given in full, precisely as they are delivered by the court. This feature in our paper involves a very considerable expense, which we hope our legal friends will help us to meet, by using their influence to extend the circulation of our paper. We hope during the coming winter to double our present subscription; such a patronage would enable us to make great improvements in our daily and weekly issues and give the public a much larger amount of reading matter.
